### DETAILED ACTION

1. The reply filed on 10/24/2005 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Newly submitted claims 27 and 38 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The claim has changed the scope of the invention from a method/system of facilitating web design/development. The new claim does not deal with web design/development, it deals with web data management, to include transmitting HTML text files to a browser resident on a client computer, so that actual HTML text files need not be created and stored on a web server.
2. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. See 37 CFR 1.142(b) and MPEP § 821.03.
3. If the applicant wishes to further prosecute the newly presented claim/invention, the examiner suggests the filing of a continuation. See 37 CFR 1.111.
4. Since the above-mentioned reply appears to be *bona fide*, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
